## *We're Back: Train Service Resumes on the Port Jervis Line!*

Thanks to an extraordinary rebuilding effort by Metro-North's employees, full train service has resumed on the Port Jervis Line as of Monday November 28—one full month earlier than expected! Metro-North trains return to a full schedule of 26 daily trains and 14 trains each weekend day, as indicated in this timetable. Please note that compared to the pre-storm schedule, train times are slightly adjusted to accommodate continuing track work.

Since the end of August, when flooding and catastrophic damage associated with Tropical Storm Irene devastated 14 miles of the Port Jervis Line, track repairs have been underway by Metro-North's own workforce. The progress of our effort has been so great that the amount of work that still needs to be done by a third party contractor has been significantly reduced.

In addition, the cost of repairs, substitute bus service and lost revenue currently is estimated between $30 million and $40 million, less than the original $60 million estimate. Given the tremendous progress made to date by Metro-North's employees, the original estimate for completion of all Port Jervis Line repairs has been moved forward from fall 2012 to June 2012.

We appreciate your patience during the last few months when interim shuttle bus/train service was in effect as we worked to rebuild the Port Jervis Line. And we look forward to providing you with the same level of train service that you have come to expect from us.
