

# 2026 CONTRACTOR DIRECTORY

Metropolitan Transportation Authority's  
Small Business Development Program

Published: April 2026 Department of  
Diversity and Civil Rights

## Welcome to MTA EDGE

Welcome to the Metropolitan Transportation Authority EDGE Program's Contractor Directory. This directory highlights firms that have successfully completed the MTA's small business development program and are well prepared to successfully complete construction projects with the MTA and other public agencies.

All MTA EDGE contractors complete a rigorous training program designed to strengthen their operational capacity and competitiveness. Participating firms learn construction industry best practices, develop management expertise, and gain the tools and skills necessary to grow their businesses and take on progressively larger contracts. We encourage you to consider these firms for your next project.

The MTA EDGE Contractor Directory is intended to provide current contact information for program participants and to assist primes, agencies, and partners in identifying potential teaming partners and subcontractors. Contractors are organized by trade to support ease of use. The trades identified reflect areas in which firms have been prequalified through the MTA EDGE Program.

### **Certification Information**

For those firms that have New York State and/or Federal business certification, the MTA provides information on the certification status as noted below.

#### *Minority- and Women-Owned Business Enterprise (MWBE)*

MWBE certifications reflected in this directory are current as of April 2026 and are based on records from New York State Empire State Development (ESD). Some firms may have applications pending; newly approved certifications will be included in future updates of the directory.

It is the responsibility of the user to verify a firm's certification status at the time of engagement to ensure eligibility for applicable MWBE participation credit.

#### *Service-Disabled Veteran Owned Business (SDVOB)*

SDVOB certifications reflected in this directory are current as of April 2026 and are based on records from New York State Office of General Services (OGS). Some firms may have applications pending; newly approved certifications will be included in future updates of the directory.

It is the responsibility of the user to verify a firm's certification status at the time of engagement to ensure eligibility for applicable SDVOB participation credit.

#### *DBE Certifications*

Effective October 3, 2025, the U.S. Department of Transportation issued an Interim Final Rule (IFR) that immediately changes the operation of the Disadvantaged Business Enterprise (DBE) and Airport Concessions Disadvantaged Business Enterprise (ACDBE) Programs nationwide.

As a result of this federal action

- All DBE/ACDBE certifications must be reevaluated under new federal standards.
- Until reevaluations are complete, existing DBE/ACDBE certifications are not valid for contracting or goal credit.

- The Metropolitan Transportation Authority and all sub-recipients have paused DBE/ACDBE goal setting and awards.

DBE/ACDBE information included in this directory is provided for reference only and does not confer eligibility for goal credit at this time. It is the responsibility of the user to verify a firm's certification status at the time of engagement to ensure eligibility for applicable DBE participation credit.

### **Certification Verification Resources**

To confirm the certification status of a firm, please visit:

- Empire State Development (ESD): [M/WBE Certification](#)
- New York State Office of General Services (OGS): [SDVOB Certification](#):
- New York State Unified Certification Program: [DBE Certification](#)

### **MTA's Enhanced Utilization Credit Initiative (EUCI)**

The MTA, in partnership with the New York State Division of Minority and Women's Business Development (DMWBD), is proud to introduce the [Enhanced Utilization Credit Initiative](#) (EUCI) - a high-impact program designed to expand contracting opportunities and strengthen supplier diversity. EUCI incentivizes prime contractors to partner with certified MWBE firms that are new to MTA contracting. Eligible partnerships earn enhanced MWBE subcontractor utilization credit - 1.5 times the dollar value - making it easier and more rewarding than ever to engage new MWBE partners.

NYS MWBE certified firms that are also MTA EDGE contractors are automatically eligible to participate. Primes are encouraged to take advantage of this opportunity to grow your network, strengthen your bids, and maximize subcontractor utilization credits. Visit <https://www.mta.info/doing-business-with-us/edge> to learn more and start partnering with qualified MWBE firms today.

This directory is provided for informational purposes only. Inclusion of a firm does not constitute an endorsement, verification of capability, or assurance of qualifications. Interested prime contractors are responsible for conducting their own due diligence, including evaluating each firm's capacity, experience, and performance, prior to engagement. Thank you for considering MTA EDGE contractors for your upcoming projects. We look forward to sharing future editions of this directory and continuing to support broad, inclusive participation in MTA contracting opportunities.

Sincerely,

Lourdes Zapata  
Chief Diversity and Inclusion Officer  
MTA Department of Diversity and Civil Rights
