I. PURPOSE: To obtain MTA Board adoption of a Resolution authorizing implementation of increases proposed by the Connecticut Department of Transportation in Metro-North New Haven Main Line fares for travel to or from Connecticut stations.

II. DISCUSSION: The Connecticut Department of Transportation (“CTDOT”) proposes that New Haven Line fares for travel to or from stations located in the State of Connecticut be increased by 5%, effective September 1, 2025, and by 5%, effective July 1, 2026, with CTDOT reserving the ability to withdraw the July 1, 2026, increase should there be intervening changes to CTDOT’s budget.

Under the terms of the State of Connecticut/MTA/Metro-North Amended and Restated Service Agreement (“ARSA”), approval by both the MTA Board and CTDOT is needed to implement CTDOT fare increases for the New Haven Main Line. On June 6, CDOT issued a press release describing the proposed increases and solicited public comments from June 8 to July 1. Public hearings were held on the proposal in person on June 23 in Stamford and June 24 in New Haven, as well as virtually on June 30 and July 1. The public hearings were advertised in advance by CTDOT in nine newspapers and notices of the proposal and public hearings were placed at train station platforms and inside stations on June 17. CTDOT broadcast and Metro-North rebroadcast notices of the public hearings on various social media platforms. CTDOT also conducted and published an equity analysis regarding the proposed increases.

The proposed fare increase for September 1, 2025, is detailed in the tables attached to the annexed Resolution. Fare tables for the July 1, 2026, increase will be developed and provided to the Board prior to implementation. Metro-North will also implement CTDOT’s Connecticut Branch Line fare increases at the same times as the New Haven Main Line increases. Under ARSA, Branch Line fares are solely determined by CTDOT. UniTicket prices will not be affected by the proposed increase. UniRail prices will be increased based upon CTDOT’s determination of fares.

There will be no change in fares charged on the New Haven Line for travel taking place wholly within New York State.

III. BUDGET IMPACT: It is estimated that the proposed fare increases effective September 1, 2025, and July 1, 2026, will increase New Haven Line net revenue by approximately \$1.4 million in 2025, \$16.1 million in 2026, and \$20.5 million in 2027.

IV. RECOMMENDATION: It is recommended that the MTA Board adopt the Resolution attached to this staff summary authorizing implementation of the CTDOT increases, effective September 1, 2025, and July 1, 2026, in Metro-North New Haven Line fares for travel to or from Connecticut stations.

RESOLUTION

FARE CHANGES APPLICABLE TO METRO-NORTH'S NEW HAVEN MAIN LINE FOR TRAVEL TO OR FROM CONNECTICUT STATIONS

WHEREAS, the Amended and Restated Service Agreement ("ARSA") by and among the Metropolitan Transportation Authority ("MTA"), Metro-North Commuter Railroad Company ("Metro-North") and the Connecticut Department of Transportation ("CTDOT") requires approval by both the MTA Board and CTDOT to implement fare changes for travel to or from Connecticut stations on Metro-North's New Haven Main Line;

WHEREAS, CTDOT has requested that the MTA approve CTDOT's proposed fare increases of 5%, effective September 1, 2025, and 5%, effective July 1, 2026, for travel to and from Connecticut stations on Metro-North's New Haven Main Line, with CTDOT reserving the right to withdraw the proposed July 1, 2026, increase based on intervening changes to CTDOT's budget;

WHEREAS, notices of public hearings on proposed changes in fares that were proposed by CTDOT were posted at New Haven Line transportation facilities and advertisements of said public hearings were published by CTDOT in a variety of English and Spanish-language newspapers;

WHEREAS, public hearings were conducted by CTDOT at the times set forth in the aforesaid notices of public hearings, at which all persons who wished to comment on the proposed fare changes were permitted to speak and written comments for inclusion in the record of the proceeding were invited, at Ferguson Library, 96 Broad Street in Stamford, Connecticut on June 23, at the Hall of Records, 200 Orange Street in New Haven Connecticut on June 24, and at virtual hearings on June 30 and July 1;

WHEREAS, CTDOT considered, among other things, the testimony of the public at the public hearings and written comments submitted on the proposed changes in fare, and analyzed the impact of the proposed fare changes upon the riders of mass transportation services, including minority and low-income users of such services; and

WHEREAS, CTDOT provided Metro-North with a summary of its public outreach and public hearings regarding the fare increases, and published its equity analysis on its webpage, which concluded that the fare changes would not have a disparate impact or disproportionate burden on minority or low-income populations;

NOW, THEREFORE, upon motion duly made and seconded, the following resolution was adopted by the MTA Board:

RESOLVED, that in accordance with section 1266 of the Public Authorities Law and ARSA, the MTA Board hereby approves implementation of the increases proposed by CTDOT to the Metro-North New Haven Line Main Line fares for travel to or from Connecticut stations, which increase shall be implemented by a 5% increase, effective September 1, 2025, and a 5% increase, effective July 1, 2026, with CTDOT reserving the right to withdraw the proposed July 1, 2026, increase based on intervening changes to CTDOT's budget; that the increases to specific fares to become effective on September 1, 2025, shall be as set forth in Attachment A hereto; and the President of Metro-North and his designees are hereby authorized and directed to take such additional and further steps as may be necessary or desirable to implement the approved increases in fares.
