II. CUSTODIAN

1. All Investment Obligations and collateral is to be held by a custodian who is not a party to the Investment Obligation.
2. A custodian must meet one of the following three criteria:
 - a. A bank as the term is defined in either clauses (i) or (ii) in section I.4 of these guidelines, and which the MTA Board has adopted a resolution establishing the bank as a depository of the MTA or any of its related entities.
 - b. A bank appointed as a trustee under a specific MTA board resolution.
 - c. A bank designated as a trustee by an authorized officer who has been delegated the authority by the MTA Board to appoint a custodian as part of a specific transaction.
3. Each bank acting as a custodian, except for a custodian established for a specific transaction, must have the following capabilities;
 - a. Daily electronic reporting of all investment and cash activity,
 - b. Acceptance of electronic instructions to buy, sell, deliver or receive securities,
 - c. Acceptance of electronic instructions to transfer funds, and
 - d. Electronic Access to current Investment Inventory position statements.
4. The Treasury Department will maintain at least \$100 million of its portfolio (subject to cash flow requirements) with a separate emergency custodian bank. The purpose of this deposit is in the event that the MTA's main custodian cannot execute transactions due to an emergency outside of the custodian's control, the MTA has an immediate alternate source of liquidity. Securities held in the separate emergency custodian bank are subject to the following conditions;
 - a. The securities will be included in the MTA portfolio, and
 - b. All security activity in the emergency custodian bank will be governed by these guidelines.

III. REPURCHASE AGREEMENTS

1. An executed Master Repurchase Agreement, approved as to form by the MTA General Counsel, must be executed between the dealer or bank and the MTA. The Director of Treasury is authorized to execute the agreement on behalf of the related entities.
 - a. A dealer must be listed on the "LIST OF THE GOVERNMENT SECURITIES DEALERS REPORTING TO THE MARKET REPORTS DIVISION OF THE FEDERAL RESERVE BANK OF NEW YORK", published by the Federal Reserve Bank of New York.
 - b. Agreements currently signed with firms meeting the requirements contained in the current Investment Guidelines will remain in effect.
2. The market value of the collateral must at all times be not less than the principal amount of the repurchase agreement plus the accrued interest of the repurchase agreement. MTA Treasury will use as its primary source its mark-to-market report based upon the prior day closing prices.
 - a. A mark-to- market of the collateral will be done each morning. The market value will include the accrued interest on the collateral securities.
 - b. For repurchase agreements having a term of more than 1 business day, if the market value of the collateral is less than 102%, rounded to the nearest 1%, additional collateral must be delivered to the MTA's custodian.
 - c. For the purpose of the mark- to- market calculation, the market value for all repurchase agreements with any one dealer, having a maturity of more than 1 business day, may be aggregated against the total collateral requirement for all of the repurchase agreements, having a maturity of more than 1 business day, with the one dealer.
 - d. The Treasury Department may waive the requirement for additional collateral if the amount of additional collateral is less than \$100,000.00 and the market value, as determined in the daily mark to market referred to in subsection (a) of this section, of the collateral held by the MTA's custodian is greater than the sum of the principal amount of the repurchase agreement plus the accrued interest of the repurchase agreement.
 - e. On the purchase date, which is the date on which the repurchase agreement is entered into, the Treasury Department will test a minimum of 20% of the repurchase agreements to ensure that the collateral being delivered is sufficient for the repurchase agreement.
 - f. For overnight, including weekends and holidays, repurchase agreements, the Treasury Department will be responsible for monitoring dealer performance and will take corrective action with regard to chronic problems. Such corrective action will consist of notifying in writing the dealer who has developed a pattern of not providing adequate collateral. If the problem

persists, the Treasury Department will discontinue doing business with the dealer.

- g. For repurchase agreements longer than overnight, including weekends and holidays, the Treasury Department will contact any under collateralized dealer and require additional collateral or the return of cash as required in the written repurchase agreement. Request for additional collateral should be made by 10:00AM.
- i. In the event of a dispute, a revised mark-to-market report may be used based upon current day pricing provided by a 3rd party, such as Bloomberg LLP. Documentation for such a revised report will consist of a screen pricing out of each collateral security at the current bid price plus the accrued interest on the collateral security.

Nothing in these guidelines prohibit entering into 3rd party repurchase agreements if the custodian meets the above criteria and all segregation requirements for the MTA funds are maintained.

- 3. Dealer limits for repurchase agreements are to be determined by a tier level based on a firm's capital.
 - a. The tier levels are:
 - 1st Tier \$1,000.0 million or more in capital
 - 2nd Tier \$200.0 to \$999.9 million in capital
 - 3rd Tier Less than \$200.0 million in capital
 - b. Capital will be defined as the sum of the firm's equity plus subordinated long-term debt. If the dealer is a wholly owned subsidiary of another dealer, and is included in a consolidated balance sheet of the parent broker, the parent's capital will be the basis for determining the capitalization. If the parent organization is not primarily a dealer/broker type of firm, but does have a major portion of its revenues generated by other than security type transactions, the parent's capital will not be included. This would exclude firms owned by insurance companies, and other non security investment institutions. Only audited financial statements will be used for determining the firm's capital.
 - i. Capital for a bank or dealer owned by a bank shall mean the bank's equity only.
 - ii. The capital of those holding companies which are foreign based cannot be applied for the purpose of determining capitalization except and unless the holding company has provided an unconditional guarantee in writing and any necessary supporting documents in a form acceptable to the MTA General Counsel against any losses incurred as a result of the domestic subsidiary being unable to fulfill its Contractual Obligations with the MTA.
 - iii. Only audited financial statements will be used for determining a firm's capital.

- c. The total maximum exposure for repurchase agreements to any Dealer/Banks will be limited by Tier as follows for any one day:
 - 1st Tier \$300.0 million
 - 2nd Tier \$250.0 million
 - 3rd Tier amount of firm's capital
- 4. Investment in repurchase agreements will be further governed by the following operational requirements:
 - a. The Treasury Department will maintain a record of the results of its monitoring of overnight repurchase agreement collateral for each dealer.
 - b. All repurchase agreements shall be in the form of cash versus delivery.
 - c. The MTA Treasury Department will determine the final maturity of repurchase agreements based upon cash needs of the Authority.
 - d. A minimum of three solicitations will be made prior to the awarding of any repurchase agreement. The award of the investment will be made in order of the highest yields, and in accordance with the exposure constraints established in Section III.3. A written record of the quotes received and awards made will be maintained by the Treasury Department.

IV. SECURITY PURCHASES AND SALES

1. The direct purchase of investment obligations securities covers the purchase of securities listed in sections I.3.a, b, d, e, g and h above.
2. All securities will be delivered to a designated MTA Custodian against cash payment. Delivery instructions will be sent to the MTA Custodian electronically or via telecopied letter signed by an authorized signer
3. A minimum of three (3) bids or offers will be solicited for direct purchases or sales of securities. The award will be based on lowest cost for purchases or highest price for sales. A written record of the quotes received will be maintained by the Treasury Department.
4. Nothing in this section prohibits the use of electronic trading screens, provided that the requirements of III.2 and III.3 are met.
5. The authority may participate directly in US Treasury government security auctions. This participation takes the form of placing an order through one of the dealers listed on the "LIST OF THE GOVERNMENT SECURITIES DEALERS REPORTING TO THE MARKET REPORTS DIVISION OF THE FEDERAL RESERVE BANK OF NEW YORK", published by the Federal Reserve Bank of New York. The award of securities is determined by the results of the auction process, and is based on the rates received and the amount of securities offered for sale. The pricing results of the auction are published, and such published notices will be included in the record of the trade.

V. REPORTING REQUIREMENTS

1. The Treasury Department will prepare reports as scheduled by the Finance Committee's work plan, investment reports covering the investment activity of all MTA Treasury Department funds. These reports will contain a detailed listing of all broker activity for the period. A listing of dealers with whom the MTA does repurchase agreements including limits set for each broker, will also be included.
2. An annual investment report shall be submitted to the Finance Committee consisting of the following:
 - a. Investment Guidelines and amendments to those guidelines since the last report, and an explanation of the guidelines and amendments.
 - b. Investment income for the year.
 - c. List of total fees, commissions or other charges paid to each investment banker, broker, agent, dealer, custodian bank and adviser rendering investment associated services to the MTA.

Following receipt of approval of the Board, copies of the annual report shall be submitted to:

1. State Division of the Budget
2. State Department of Audit and Control
3. State Senate Finance Committee
4. Assembly Ways and Means Committee
5. Independent Authority Budget Office

VI. PORTFOLIO MANAGERS

1. Due to the various portfolio requirements of the MTA, it may be advantageous to structure a specific portfolio and contract with outside portfolio managers for the management of these funds. The awarding of a portfolio management contract will be controlled by the MTA's procurement policy covering personal services contracts. The criteria for awarding these contracts will include, but not limited by, the following provisions:
 - a. Experience of the portfolio manager.
 - b. Concepts and ideas for the management of the funds, including the identification of an appropriate benchmark for the portfolio.
 - c. The ability to provide regular and timely reports, consistent with internal reporting requirements of the MTA All Agency Investment Guidelines.
 - d. Fees.
 - e. Capitalization and financial strength of the firm.
2. Each portfolio manager will be required to operate within the structure of these guidelines except for the reporting requirement of competition with regards to the purchase and sale of securities. This exception is made because it would be impossible to monitor compliance. In addition, an outside manager would also have to comply with the following:
 - a. All transactions will be made from an MTA controlled Custody Account on a cash vs. delivery basis.
 - b. All Bank Statements and Broker advices will be mailed to the Comptroller for the MTA.
 - c. The MTA will designate to the custodian the representatives of the portfolio manager authorized to conduct business on behalf of the MTA.

VII. MISCELLANEOUS

The following guidelines will also be adhered to with regard to the investment of MTA Operating and Capital Program Funds.

1. **AUTHORIZATION** The Chairman, or any person or persons who may from time to time be designated in writing by the Chairman, may purchase or sell securities and/or enter into repurchase agreements for the MTA and its related entities.
2. **BANK RECONCILIATIONS** All bank confirmations and statements will be addressed to the Comptroller. The Comptroller will be responsible for all investment custody account reconciliations.
3. **INDEPENDENT AUDITOR.** The MTA's independent auditor will include as part of its annual audit a statement on the compliance of the investment activity with these investment guidelines.
4. **CONFLICTS OF INTEREST.** MTA's policy regarding conflicts of interest shall be followed regarding the investment of funds. Business may not be transacted with any institution or dealer of which an MTA Board Member, senior agency official, or any other officer or employee authorized to participate in the selection of such institution or dealer is an officer, a director or a substantial stockholder.
5. **BROKER ADVICES.** All broker advices will be mailed to the Treasury Department for safekeeping. All broker advices will be made available by the Treasury Department to the Comptroller and Audit Department as requested.
6. **STOCK TRANSACTIONS.** Due to the reorganization of mutual insurance firms into stock firms, the MTA and its related entities receive stock in reorganized corporations. The Chairman, or any person or persons who may from time to time be designated in writing by Chairman, may sell this stock for the MTA and its related entities.
 - a. If the corporation has a stock buy back plan that will purchase the stock, the stock will be sold using the plan.
 - b. If the corporation does not have a stock buy bank plan, the Treasury Department will solicit commission fee bids from at least 3 members of the MTA's senior underwriting management firms. The firm with the smallest commission will be awarded the sale trade. In case of a tie, the trade may be divided among the firms with the same commission fee bid.
 - c. Proceeds from the sale of the stock will be distributed back to the related entities in proportion to the shares of securities and/or enter into repurchase agreements originally owned by each of the related entities.
