

Penn Station Access is a critical transportation equity project which will improve reliability, reduce travel time, and expand mass transit options throughout the region.

Weekend Work: Overnight Full Closures of East Tremont Avenue between Bronx River Avenue and Adams Street

The Penn Station Access Project will be performing weekend work to pull overhead signal cables above East Tremont Avenue. To safely perform this work, **East Tremont Avenue will be closed overnight to all vehicular traffic between 10PM and 6AM November 7 to November 9. The roadway will remain open during daytime hours.** Please see below for detailed work hours. Detours will be in place to direct vehicles around the work zone:

- Vehicles traveling **eastbound** will be detoured to Morris Park Avenue toward Unionport Road to reenter East Tremont Avenue via White Plains Road
- Vehicles traveling **westbound** will be detoured to Adams Street to reenter East Tremont Avenue via Morris Park Avenue
- Vehicles traveling **northbound** on Rosedale Avenue will be detoured to East Tremont Avenue toward White Plains Road to Morris Park Avenue to continue north via E. 180th Street
- Adams Street will be closed intermittently for 15-minute intervals overnight while materials are being lifted overhead; flaggers will be in place to release traffic through the work zone

We appreciate your understanding and patience while we advance this vital transit equity project.

Overnight Closures of East Tremont Avenue

Friday Night, November 7, at 10PM to Saturday Morning, November 8, at 6AM AND Saturday Night, November 8, at 10PM to Sunday Morning, November 9, at 6AM
