

What's happening?

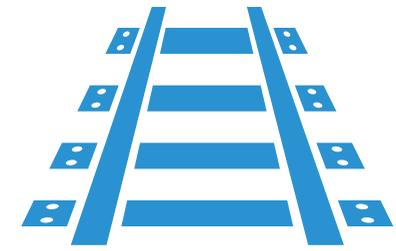

We're replacing **E** track at Jamaica Center and Sutphin Blvd-Archer Av that is at the end of its useful life.

What else should I know?

The subway is closed for disinfection from 1 AM to 5 AM nightly.

Check train destination signs and listen to on-train announcements.

Jamaica **E** Track Reconstruction

New track will improve reliability and resilience so that we can provide better service.

We're doing this work now to prevent more disruptive emergency track work and unplanned service changes.

Since 2016, there have been 46 incidents between Jamaica-Van Wyck and Jamaica Center on the **E** line because of track conditions, resulting in 713 delayed trains.

Phase 1 of the project is expected to take six weeks, continuing to the early morning hours of Monday, November 2.

Phase 2 of the project, which will restore some **E** train service in the two-station project corridor, is scheduled to begin in early November and last until mid-December.

This service change affects one or more ADA accessible stations and these travel alternatives may not be fully accessible. Please contact 511 for help with planning your trip. If you are deaf or hard of hearing, use your preferred relay service provider or the free 711 relay.

Beginning Sep 18, Fri 11:45 PM
until Nov 2, Mon 5 AM

E trains will not serve
Jamaica Center
and Sutphin Blvd-
Archer Av

Where will service run?
