

LONG ISLAND RAIL ROAD STATION SPRUCE-UP PROGRAM

Goal:

Beautify stations quickly and efficiently to provide our customers with a brighter, cleaner and better station environment.

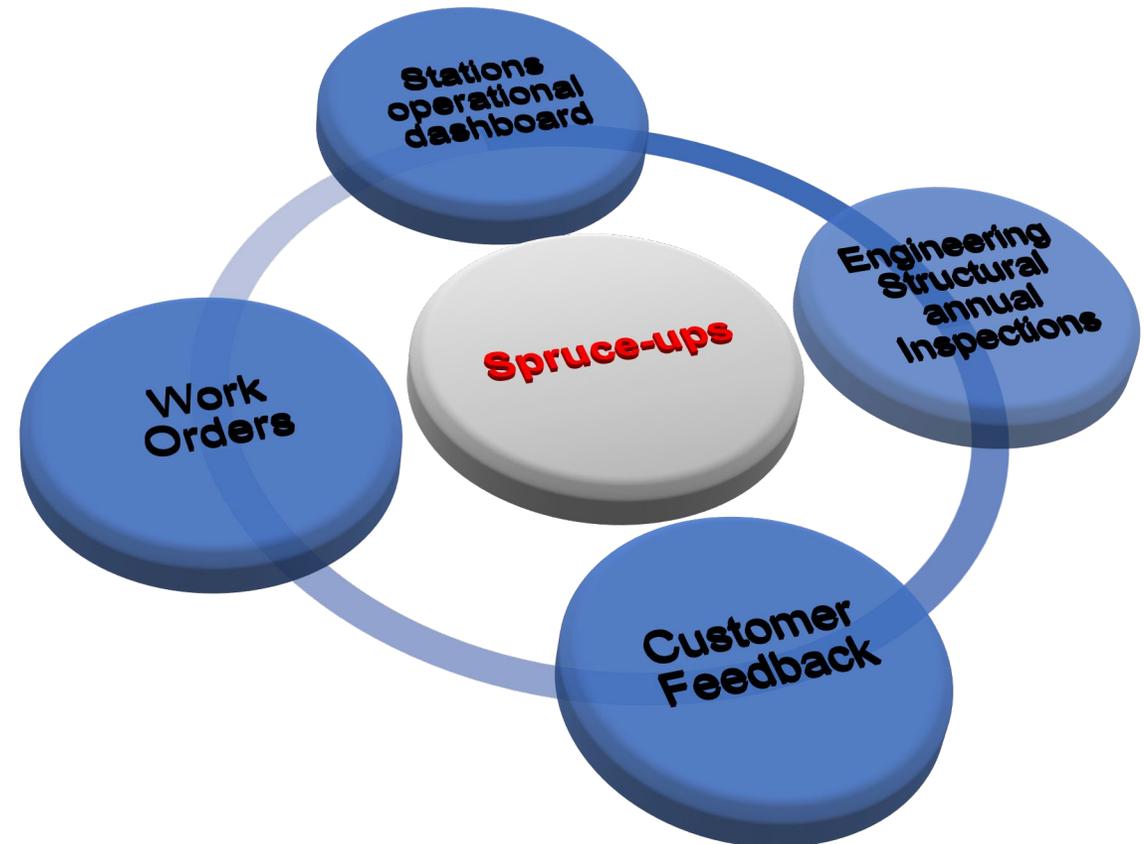

Key Elements:

- Improve station building and restroom conditions
- Repair damaged shelter shed components
- Upgrade to LED lighting
- Upgrade weathered station signage
- Enhance cleaning initiatives

Engineering & Stations: Coordinated Approach to Stations Selection

- **Assessments**
 - Engineering
 - Stations
- **Stakeholder Engagement & Discussions**
 - Work Order (WO)
 - Customer Experience & Survey Feedback
 - ADA components
 - Lighting
