HOW TO QUALIFY:

Education and Experience Requirements: By the **last day of the Application Period**, you must meet the following requirements:

2. Three years of full-time satisfactory journey-level experience (i.e., a fully trained, knowledgeable, experienced, proficient and competent mechanic), performing troubleshooting, repair, and maintenance of electromechanical, electrical, or electronic equipment; **or**
3. Two years of full-time satisfactory experience at the journey-level as described in paragraph "2." above, plus completion of one of the following listed below **before obtaining your journey-level experience:**

READ CAREFULLY AND SAVE FOR FUTURE REFERENCE

- d. An associate degree or a higher degree, from an accredited college or university with a major course of study in electro-mechanical, electrical or electronic technology, or a closely related field.

If you have qualifying part-time experience, it will be credited on a prorated basis.

The following are types of experience that are not acceptable: Assembly-line work, installation or repair of non-electrical mechanical devices, maintenance and troubleshooting of small electronic household devices or hand-held electronic devices, and computer repair.

Education and Experience Exam: During the Education and Experience Exam (EEE), you may answer questions about your experience. If your experience was on a part-time basis working less than 35 hours per week, you will need to convert your part-time experience to full-time experience using the formula below. Once you have determined your full-time experience equivalent, use this amount to answer questions about your experience.

$(\text{number of hours worked per week}/35) \times (\text{number of months worked})$

For example, if you worked at a job for 21 hours per week for 12 months, you would make the following calculation:

$21/35 \times 12 = 7.2$ months.

You have until midnight Eastern time on the last day of the Application Period (June 15, 2026) to clearly specify in detail all of your relevant education and experience and Final Submit your Education and Experience Exam in the Online Application System (OASys). Once you Final Submit your Education and Experience Exam in OASys, you will not be permitted to submit new or additional information on your Education and Experience Exam online.

If you do not Final Submit your Education and Experience Exam in OASys by midnight Eastern time on the last day of the Application Period (June 15, 2026), your examination will be considered incomplete, you will not receive a score, you will not be invited to subsequent portions of this examination (if applicable), and your application fee will not be refunded.

The vocational high school, technical school, or trade school must be approved by a State's Department of Education or a recognized accrediting organization. The college or university must be accredited by regional, national, professional or specialized agencies recognized as accrediting bodies by the U.S. Secretary of Education, and by the Council for Higher Education Accreditation (CHEA).

You are responsible for determining whether you meet the qualification requirements for this examination prior to applying. You may be given the test(s) and/or assessment(s) before we determine if you meet the qualification requirements. If you are marked "Not Qualified," your application fee will **not** be refunded, and you will **not** receive a score.

Foreign Education Fact Sheet (required only if you need credit for your foreign education for this examination): If you were educated outside the United States, you must have your foreign education evaluated to determine its equivalence to education obtained in the United States. The services that are approved to make this evaluation, as well as instructions on how to submit this evaluation are listed in the Foreign Education Fact Sheet, which will be attached to this Notice of Examination during the application period. When you contact the evaluation service, ask for a "document-by-document" (general) evaluation of your foreign education. Your foreign education evaluation **must** be submitted directly to MTA New York City Transit's Examinations Unit by the service completing the evaluation. Foreign education evaluations received directly from applicants will **not** be accepted. You may also visit http://web.mta.info/nyct/hr/forms_instructions.htm to access the Foreign Education Fact Sheet on our website.

Note: If you have earned a higher-level degree in the United States that supersedes the level and type of education required to meet the qualification requirements, you do not need to submit a foreign education evaluation. However, you must indicate that you have completed the higher-level degree in the United States; proof of acceptance into an academic program or school is not sufficient to determine satisfactory equivalency.
