

Bronx Bus Network Redesign Proposed Final Plan Route Profile

Bx29 Local

- Route Change
- Stop Change
- Frequency Improvement
- Schedule Change
- Change since Draft Plan

Route

The Bx29 routing will change. The route will be shortened, with its western terminal moved to the Pelham Bay Park 6 station.

Key connections include: Bx5, Bx12, Bx12 Select Bus Service, Bx23, Bx24, and Q50 Limited.

Stops

Twenty-one percent (6 of 29) of the Bx29 stops along the new alignment will be removed, improving stop spacing from 1,480 to 1,875 feet. By removing these stops, we'll improve reliability along the route.

Schedule

The Bx29 schedule will improve. While the Bx29 weekday and weekend frequencies will not change, the route will now provide overnight service to and from City Island. The Bx29 will have the same service frequency and span as it currently does.

Span of Service and Frequency

Bx29 Local	Toward Pelham Bay (Westbound)	Toward City Island (Eastbound)	Avg. Frequency (Min.)				
			AM	Noon	PM	Eve	Night
Weekdays	24 hours	24 hours	15	30	15	20	40
Saturdays	24 hours	24 hours	20	20	20	30	40
Sundays	24 hours	24 hours	30	20	25	30	40

- Increased Service
- Decreased Service
- No Change
